

## Annual Christmas Concert At ACHS Sunday, Dec. 15th

The Senior Choir, the Swing Choir and the Girls' Glee Club will present "Snowtime Fantasy" for the annual Christmas Choral Concert at the Antioch Community High School.

The concert will start at 8 p.m. Sunday, Dec. 15. The choir will be under the direction of Miss Della Mae Tronchuk.

The Swing Choir will open the first portion of the concert with the Harry Simeone arrangement of "Twas the Night before Christmas," featuring William Serelson, Rosemary Frank and John D. Horton as soloists. The boys in the Swing Choir will wear white dinner jackets and the girls will be gowned in blue and white brocade and satin dresses. The outfits will be accented by a billowing light blue net backdrop and shimmering snowflakes.

"Christmas around the World," presented by the Sen-

ior Choir, will be the second portion of the concert. Carols of many countries, including Norway, Scotland, France, Austria, Ukraine and others will be sung. Arden Stann will be soloist with choral accompaniment on the Tyrolean carol, "Jesus, Holy Child." The Girls' Glee Club will join the choir on several combined choir numbers, including a concert arrangement of "Silent Night," arranged by Charles Black.

Cheryl Folbrink at the organ will accompany several numbers. The organ being used for the concert is furnished by the Louis Capano family.

This portion of the concert will be highlighted by an elaborate set constructed by members of the choir. Flags from twelve countries will be flown from the top of two huge pillars.

Tickets for the concert can be purchased at the door. The public is invited.

## Fire Dept. & FDA Join In Warning

The Antioch Fire Department has issued a warning against the use of X-33 Water repellent, a masonry water proof.

The Food and Drug Administration of the U. S. Dept. of Health has also issued a warning against the use of X-33.

F.D.A. warns that X-33 is an extremely flammable masonry water proof. They advised consumers who have purchased the product to return it unopened to their dealers immediately because of the extreme risk of flash fires and explosions.

Householders are warned against trying to dispose of or destroy the product themselves without first consulting their local fire department.

As manufactured until about two months ago, the X-33 had a flash point (point of ignition) at a temperature of below minus 40 degrees F. Since then it has been changed to have a flash point of 73 degrees F. However, it is impossible to tell by the label whether it is the old product or the new. Because the old product is so dangerous, all cans of the X-33 water repellent should be returned to the dealer.

The product is distributed by the Wilmington Chemical Corp. of Chicago.

The Illinois Dept. of Public Health recommends that dealers contact Wilmington Chemical Corp., 33 West Hubbard St., Chicago, Ill., for instructions as to disposition of any stock on hand. Dealers should also contact their local fire department.

## King's Drug Store Moves To Lake Street

King's Drug Store opened for business Wednesday in its new location at 400 Lake St., after doing business at its store at 895 Main St., since 1950.

Moving stock and counters from the Main St. location started Monday morning. Customers were served throughout the moving process.

Tony Stanich, proprietor of King's Drug Store, took over the business from Frank King in 1947. At that time, the drug store was located on the west side of Main St., where Cy's Restaurant is now located. The building burned in 1950, and Tony moved his store to the east side of Main St.

Frank King had operated the drug store on the west side of Main St. from 1914 to 1947. He had purchased the store in 1914 from Ada (Mrs. Bert) Overton in 1914. Bert Overton had purchased the store from a Mr. Swann in 1912. When he passed away in 1914, his widow, who still lives in

## Break Into G. L. School

Someone who was evidently looking for cash for Christmas the easy way broke into Grass Lake School last Thursday night.

The would-be thief, or thieves, entered the school by breaking a kitchen window. A crowbar was evidently used to pry open the office door and cabinets in the office. Papers were strewn around the office.

Mabel Byrnes, school secretary, said the intruder seemed to know the school and to be seeking money, as desk drawers were rifled and envelopes even opened in the search. There was no money, and no vandalism was committed, other than breaking the window.

Teacher's desks were also pried open in the search. Sheriff's deputies were called and are seeking information on the break-in.

## Suspend License

The Drivers License Division of the office of the Secretary of State has announced the suspension of the drivers license of Thomas M. Furlan, Rt. 1, Box 573, Antioch, following three violations.

The office of Secretary of State Charles F. Carpenter has announced the suspension of the driver's license of Norman E. James, Jr., Circle Drive, Antioch, following three violations.

## Note Chamber Ads

Note the full page of ads elsewhere in this paper, and in the shopper's Guide, by members of the Chamber of Commerce.

This is another cooperative effort of Chamber members. They get together to present their ads, each presenting his own particular items for your shopping convenience.

Many of the ads present Christmas specials, and reminders for the shopper who is racking his brain as to what to get for this one or that one.

Most of the stores are open evenings and Sundays until Christmas for your convenience.

## Xmas Season In Full Swing

Antioch merchants responded almost 100% to the request of the Chamber of Commerce for financial aid in paying the cost of the street decorations for the Christmas season.

Chamber members and non-members alike responded to the request, with the result that enough money was taken in to pay for the rental and maintenance of Christmas decorations for a three year period.

Most stores in Antioch are open evenings and Sunday from now until Christmas. The Moose have large containers spotted around town to receive offerings of toys to pass out to needy tots.

The Chamber has announced that Santa Claus will be available to visit stores on the following schedule: east side of Main St.—Monday, Dec. 16, Tuesday, Dec. 17, Wednesday, Dec. 18; west side of Main St.—Thursday, Dec. 19; Lake St., Friday, Dec. 20, and Saturday, Dec. 21; Routes 59 & 173, Monday, Dec. 23.

Antioch, sold the store. Before Swann, the store had been operated by a Mr. Hill, who had purchased it from a Mr. Larkin.

## Seniors Work For Trip Fund

An enterprising group of seniors is making a determined effort to raise money to finance a senior trip after the Board of Education turned thumbs down on the custom.

The seniors are attempting to raise enough money, via several projects, to finance a trip to the New York World's Fair and Washington, D. C. They have secured a price-per person with a tour, and say it will come to \$66 per student. This is exclusive of food and spending money.

They hope to raise enough money to pay this basic cost for every senior student willing to work with them to

A testimonial dinner in honor of the Honorable Governor Otto Kerner is to be held at the Illinois Beach State Park on Friday, Jan. 10, 1964.

Reservations and tickets are available by calling Rose Plechaty at 395-2619.

SHIRLEY REICHENBACH and Wilmette Menier display a sample of the cakes the senior class of Antioch High School will be selling to finance their senior trip.

## Villagers Petition Against Pin Ball Machines In Town

The following petition was circulated following the request to the village board on Tuesday, Dec. 3, for permission to install coin-operated billiard tables and pin ball machines in the store at 920 Main St. The board turned the matter over to Attorney Jacobs for investigation.

We have been asked by those circulating the petition to publish it.

We the undersigned object and protest the installation of billiard tables and pin ball machines anywhere in town especially main street. This would only be a hang out and would encourage our school children in gambling even if there is no payoff. We now have a nice town with no undesirable element hanging around at night. Let's keep it that way. These machines would draw all kinds of undesirables and there would be kids hanging around half the night. This same proposition was turned down in Waukegan and surrounding towns.

This is a lazy way to make money on our children and young adults.

The County Board voted 24-7 to dispense with the services of Eugene Landen, head of the Lake County Safety Commission, and put the commission under the direction of Sheriff Charles Larson at its Tuesday meeting.

Earlier in the meeting, the petition of the Olson Brothers Implement Co. of Antioch for re-zoning of 80 acres of land on Route 173 was denied by the board.

The Olson Brothers petitioned for re-zoning of 80 acres west of the intersection of Routes 173 and Deep Lake Road from F-17 to B-1. Melvin Olson, who owns property across the road from the tract in question, objected to the re-zoning. "Red" Murrie, Antioch township supervisor, made a motion to re-zone the property, explaining that Olson Bros. had operated a farm machinery business for many years near Antioch and the present site of their business had been sold. Kenneth Henke, chairman of the Zoning Board, objected to the spot zoning and contended that the slow-moving farm machinery coming out on Route 173 created a traffic hazard.

Because of the objection, a three-quarters vote of the board was necessary to approve the re-zoning. The vote was 22-11, and the petition was denied.

A petition tabled by the

## Moose Toy Drive In High Gear

This is certainly going to be a "Toyful Christmas" for the needy boys and girls in Antioch, if the public continues to support the Moose "Operation Santa Claus" campaign as they have in this past week.

According to Bob Avery and Ed Petersen, chairmen of the Moose Lodge's Civic Affairs Committee, the people of the area are responding wonderfully in this effort to make sure that Santa Doesn't forget any boy or girl in this community.

Chairmen Bob Avery and Ed Petersen also announced today that the following truck owners will donate trucks and distribution of all the toys collected: Carl Schiesser, Robert Gerloff, Governor John Dupre, and Chairmen Bob Avery and Ed Petersen. Also on the Civic Affairs Committee are Senior Regent Gladys Schroeder, Kit Avery, Emily Olisar, and Rosemary Petersen.

Here are the locations of the collection depots where either new or undamaged used toys may be deposited:

1. Ace Hardware Store, Rtes. 59 & 173
2. Moose Lodge, Main St.
3. Jewel Store, Lake St.
4. Post Office, Orchard St.
5. IGA Store, Rtes 59 & 173
6. A&P Store, Lake St.

In addition to the avalanche of toys, there have also been scores of letters to the Moose committee, complimenting them on this project. Here are a few of this city's leading officials and businessmen who have endorsed the Toys for Needy Children campaign: Mayor Murrill Cunningham, Supervisor Lloyd (Red) Murrie, the local clergymen and civic and fraternal leaders.

Board about a year ago, presented by the DeBruer Construction Co. of Libertyville, to reduce size requirements of lots zoned R4B from 10,000 to 8,400, was brought before the Board and denied. De Bruer Co. has a suit to reduce the lot sizes to 6,250 ft. pending in Circuit Court. The court could not act on the case, it was explained, until the Board had rendered a decision.

The action on the Safety Commission came in the afternoon session of the Board. Both Murrie, Antioch Township, and Tiede, Lake Villa Township, approved the motion to put the Commission under the jurisdiction of the Sheriff.

Objections were made by John Balen, Waukegan; Norman Geary, Avon and Roland Sande, Waukegan. Balen wondered how effective the commission would be under the sheriff's supervision. He pointed out the large number of accidents now occurring on the county's highways, and said highway safety has always been under the jurisdiction of the sheriff's office.

Frank Valenta, Grant, said he felt the commission would get more cooperation under the sheriff's jurisdiction. Norman Geary, Avon, felt that all committees should be independent, and that by checking independently on the work of the sheriff's office the commission could accomplish more. Despite the objections, the Board approved the change by the 24-7 vote.

Sheriff Charles Larson is, and has been, receiving \$100.00 a month extra pay as Director of Highway Safety. Whether he will continue to receive this extra pay under the present set-up, and whether he will receive the salary formerly drawn by Landen, were matters left unresolved by the Board.

The office of the Safety Commission at 211 Peterson Road in Libertyville will be closed.

The Board also approved the appointment of John G. Morris as Supervisor of Public Works on a part-time basis at a salary of \$7,500.00 a year.

## C. L. School To Ask For Tax Hike

By Louise Gutowski  
The Channel Lake School Board last Tuesday night decided to hold a referendum January 25 on the proposed 20 cent increase in the educational tax rate.

Supt. Howard Scott said the plan to ask for an increase has been under discussion for about a year. At present the district's educational tax rate is 71 cents, one of the lowest in Lake County, and its assessed valuation is about \$5 million.

The district is spending about \$4500 per month from the educational fund, at present.

Residents must remember the tax increase, if approved, would not bring in additional income for the district until 1965. This means that next year's school term will operate on the same amount available for this year.

The estimated tax increase would bring an additional \$10,000 per year for the fund. A representative of the school board or the school administration will attend the PTA meeting Wednesday, Dec. 18, to answer any questions on this proposal. This meeting will also be the P.T.A.'s Christmas program with Santa in attendance to give the children a surprise. Now there is a double reason for all parents and their children to attend. The meeting will be held in the school gym at 8 p.m.

## Big Evening Promised

The Antioch Grade School PTA, sponsoring the Dec. 20 production of "Mr. Roberts" and a theater party to be held in conjunction with the play, is going all-out to make the evening one of gaiety and enjoyment for play-goers of both sexes.

The PTA is selling tickets on the package deal only—a combination of dinner at the Moose Hall from 5:30 p.m. to 7:30 p.m., the play starting at 7:30 p.m., across the street from the Moose Hall in Antioch, and after-theater coffee and dessert at the Moose Hall. Tickets are available only through the PTA, and all proceeds of the evening's entertainment go to the PTA to support the inoculation program in the schools.

Several additional entertainment features are being planned for the evening, with music during dinner one of the added features.

"Mr. Roberts" is an adult comedy, and has a large cast under the direction of Larry Welch. An ad elsewhere in the paper gives details of play time and some of the comments to date on the play itself—"Electrifying," says Bob Wilton; "Magnificent acting!" says Dr. Bucar (one of the actors).

Reservations can be made by calling Rosalie Lyons' at 395-1903; Helen Kopriva at 395-1111 and Vivian Mapplethorpe at 395-3611. Reservations for the additional showings of "Mr. Roberts" by he PM&L on Jan. 4 and 5 and Jan. 11 and 12 may also be made by calling 395-3611.

## Meierdick Recovering After Car Accident

Elmer Meierdick, Rt. 3, Antioch, critically injured on Nov. 29 in an automobile accident, is improving in McHenry Hospital.

Meierdick was a passenger in a car driven by John Lake, Oakwood Knolls. Lake received head, shoulder and chest injuries. He was released from McHenry Hospital last Tuesday and is recovering at home.

Driver of the other car, Richard Smith, 22, of McHenry, was also hospitalized, suffering numerous facial cuts.

Meierdick, most seriously injured of the three, was on the critical list at McHenry Hospital for about a week. He suffered a basal skull fracture, broken collar bones, ribs, and arm, and other injuries. He recently recovered consciousness, according to his wife, Doris, and is recovering slowly.

The accident happened at 6:40 a.m. on Friday, Nov. 29, Lake and Meierdick were traveling west on Route 173, going to work at the International Register Co. Smith pulled out of the intersecting Wilmet Road onto Route 173 without stopping, according to a witness, and was hit broadside by the Lake car. Lake and Meierdick were both thrown from their car. Both cars were demolished. Lake was driving a Tempest, Smith an Oldsmobile.

## Jaycees To Sponsor Xmas Home Contest

The Lake Region Jaycees will sponsor an exterior home lighting contest in Antioch this Christmas season. Any Antioch area home owner can enter the contest by merely sending his name, address and telephone number to the Lake Region Jaycees, P. O. Box 254, Antioch, Ill., before Saturday, Dec. 21st. A one dollar entry fee will be charged and the proceeds will go to the Jaycees' Children's Projects Fund and the Countryside Hospital Fund.

The decorated homes will be judged on Sunday evening, Dec. 22nd by a panel of Jaycees and Area businessmen. Entrants will be judged on composition, originality, and overall attractiveness.

The winners will be announced in the Antioch News on December 26. First prize will be a \$25.00 Series E Savings Bond donated by the State Bank of Antioch. Second prize will be a General Electric Lighted Dial alarm Clock donated by Wilton's Electric Shop.

## Dance Marks Social Center Anniversary

St. Peter's Social Center, dedicated to the proposition of providing a recreation center for all the young people of the community, will celebrate its First Anniversary with a dance on the Saturday following Christmas.

Everyone is invited to attend the December 28th dance. Dancing will start at 9 p.m. to the music of King Jaro's Orchestra, sponsored by the Antioch Lumber Co.

A Grand Opening Dance was held at the Social Center one year ago on the Saturday after Christmas. In the year that has passed since that dance, the Social Center has been the scene of many activities. In addition to its use for physical education programs for the school children, it has been constantly used for dancing, basketball, volleyball, roller skating and other activities. Members of all age groups, both parishioners and non-parishioners, have been welcomed at the various activities.

Co-chairmen of the Anniversary Dance will be Mr. and Mrs. Frank Zeman and Mr. and Mrs. Blaine Ring. Committee chairmen are Mr. and Mrs. James Harvey, Mr. and Mrs. Fred Koch, Mr. and Mrs. Dan Dugens, Mr. and Mrs. Henry Apostol, Mr. and Mrs. Richard Daniel and Mr. and Mrs. Robert Gross. Tickets are available from the chairman and at local stores. Father Henderson extends an invitation to all the people of Antioch to attend the Anniversary Dance which will mark the beginning of a year of even greater activity in the Social Center for teen-agers and adults.

## Flag Display

With merchants along Main St. in Antioch displaying flags at half-mast for thirty days of mourning for President John F. Kennedy, it has become apparent that the present facilities for displaying the flag are inadequate.

Several of the flag poles have been broken by cars. Result: the flag tumbled into the street—the U.S. flag, which is never supposed to touch the ground. The flag stands are so close to the street that, particularly when they are at half-mast, people getting out of parked cars are entangled in the folds.

An Antioch resident has suggested a solution to the problem which we'd like to pass on. It would make a more dignified display of the flag possible and should lend a better appearance to the street as a whole.

It is suggested that brackets for holding the flag poles be installed on the light poles on village streets. This would mean, of course, that the village would have to take over caring for the flags, taking them down and putting them up. This could be an objection, but it would have its advantages. It would certainly make for a more uniform and attractive display. And it would get the flags up out of harm's way.

## Courthouse Notebook

BY LOU DURKIN

The announcement by Max Wildman, Lake Bluff attorney, that he would seek election as a delegate to the Republican National Convention rather than becoming a candidate for the GOP nomination for Congress from the 12th District apparently gives Cong. Robert McClory clear sailing in his bid for re-election.

With State Senator Robert Coulson a candidate for re-election Wildman appeared to be the only possibility to unseat Cong. McClory.

Both Sen. Coulson and Cong. McClory are expected to join with other incumbents seeking re-election in running as a GOP team in the primary which poses a formidable problem for candidates seeking to make a run for a county post.

Up for re-election in the April primary and November general election are coroner Robert H. Babcock, County Auditor John Darrow, County Recorder Frank Nustra, State's Attorney Bruno Stanczak, and Circuit Court Clerk Stephanie Sulthain.

The moratorium on political activity out of respect for the late President John F. Kennedy is, of course, working to the advantage of the incumbents who will be seeking re-election.

The political moratorium has also affected the state races, particularly handicapping Charles W. Percy, Chicago industrialist, in his bid for the GOP nomination for governor.

Secretary of State Charles F. Carpenter, who opened a Lake County headquarters in the Karcher Hotel in Waukegan over the Thanksgiving weekend, has a handsome headstart over Percy who is hamstrung in his efforts to meet the voters during the mourning period.

John Babcock, who is in charge of the Carpenter headquarters, has disclosed that the Carpenter office will be open daily and Monday and Friday evenings, but a formal

opening will not be held until after the Yule holidays.

As predicted in most quarters the legislative re-apportionment commission has gone right down to the wire without making a decision and now has only until Saturday to avoid the chaos of a state-wide legislative race.

The point of contention is still the refusal of Democrats to accept a reduction to 21 districts in the City of Chicago, a provision included in the re-apportionment legislation passed by the General Assembly during the regular session and later vetoed by Gov. Otto Kerner.

In his veto message Gov. Kerner said he was concurring in the bill because Lake County was not given a second district, but it seems more likely that the veto was based on the 21 districts allowed for Chicago.

State Rep. W. J. Murphy, of Antioch, expects Gov. Kerner to call a special session of the legislature to draft ground rules for the at-large election of the 177 state representatives, but he also anticipates a ruling by the Illinois Supreme Court which would eliminate the at-large balloting.

According to Murphy's interpretation of the state constitution, Gov. Kerner had authority to veto the redistricting bill, but did not have the power to appoint the commission since the legislature did, in fact, pass a re-apportionment bill.

He contends, therefore, that the existing districts remain in effect and legislators will run in the same districts.

This would certainly be better than the disgraceful prospect of a state-wide race.

It seems that we goofed in reporting last week that Circuit Judge Glenn K. Seidenfeld, who was elected last June, would have to run again in 1964 for a full term.

We have been informed that Judge Seidenfeld's election

## Letters to the Editor

## LETTERS TO THE EDITOR

Did a little eavesdropping last night at the public library where the Great Books Foundation group were meeting. They were discussing Aristotle, the Greek philosopher.

Seems there's a lot of digging to do before you begin to dig this fellow and they were sure picking his brains. The way I summed it up was—"No man is an island and any guy who lives alone without contact with the rest of the human race is either of two things a god or a nut."

Most everything he wrote about ages ago can be applied to our society today. There has always been politics and money problems even in 322 B.C.

Seems there has always been someone throwing his weight around (he is the master) and someone else stupid enough to take it (he is the slave).

This fellow Aristotle agreed with me on many things: money is to spend... silence is a woman's glory... and get this: the male is by nature fitter for command than the female (we've been trying to prove this for years).

Someone spoke up and said that although the women fought and obtained the right to vote and other privileges—nothing has changed much along the line of politics, war, social reform as predicted... that conversation ball was tossed back and forth vehemently for a while until one little woman said, "I never think my one little vote or voice means anything or that it can change such a big deal as politics, crime reform, etc..."

She was greeted with many protests deeming otherwise, as I grabbed my book and like an Arab silently sneaked away... my last thought on the subject was, "If everyone lighted just one little candle, it would sure make a huge ball of wax!"

Editor Antioch News  
Antioch, Illinois  
Dear Mr. Editor:

Your editorial of November 14, 1963, entitled "Highway Murder" was a timely one.

I, too, have wondered many times, why such alarm should be sounded at the deaths of a relatively few by food poisoning, or something that happens rather seldom, when apathy in regard to the rapidly growing number of highway murders and highway deaths seem to be the accepted American way of life.

Certainly stronger measures should be taken to bring the matter of highway safety home to the people as a nation. How better to do this than for each parent to set an example as well as teach highway safety to his children who are coming of driving age. I heartily agree with your comments that every highway death should be accorded a thorough investigation in order to determine the possible reason for the accident.

I would also suggest and strongly recommend that measures of some kind by means of State legislation be taken to assist our law enforcing officers in removing drunken drivers from our highways. I am certain that statistics will show that most fatalities are caused by one of two reasons: (1) excess speed; (2) drunken drivers.

As a result, there should be legislation permitting any law enforcing officer or agent to demand a sobriety test of all drivers involving fatalities, regardless of whether they are under suspicion of having been drinking or not. This is the only way we will clear

was for a full six year term.

We agree with the goal of the Lake County Bar Association in seeking an injunction against further legal obstacles to the construction of the new courthouse, but we feel that the remedy they seek is too drastic.

The injunction sought by the association establishes a dangerous precedent in that it sets an arbitrary limit on the right of the public to seek relief in the courts from actions of a political body.

## Your Governor Reports

One of the primary aims of the recent Illinois Trade Mission to Europe was to encourage businessmen to utilize more fully our State's ports for import and export trade.

Our efforts in this regard are part of our overall economic growth mission with the goals of increased prosperity and employment for Illinois.

The Illinois Inland Waterway and the relatively new St. Lawrence Seaway together have made Chicago the number one inland seaport in the world. Illinois is located in the heart of the Midwest, a vast and diversified market of 60 million people. In addition, the Midwest represents the industrial heart of the nation as well as its bread basket. American farm and factory products, grown and produced in the Midwest, are known by people in all parts of the world and are sought by them. It is only natural, then, that Illinois, linked by plane, train and truck with the rest of the Midwestern states, is looked upon as the Gateway to the Great Midwest.

On the trade mission I was accompanied by several shipping experts representing both Chicago and downstate interests. Together, we talked to nearly 100 shipowners, port officials, forwarders and shippers in Hamburg, Paris, Rotterdam and London. The express purpose of these talks was to increase foreign use of our port facilities for importing European goods; we also want to encourage our own businessmen to use these same shipping facilities for exporting the many fine products of our farms and factories. In other words, we want everyone to look upon our port facilities as a two-way street.

One of the reasons Chicago facilities have not been more fully utilized is that it lacks the necessary depth of water to allow many fully loaded ocean-going vessels to enter and depart, thus, incoming ships have had to drop off cargoes in other ports, and outgoing ships have had to embark only partially loaded.

This adds to shipping costs. With physical improvements soon to be made, this situation will be corrected. By 1967, these improved facilities will permit domestic and foreign shippers to consider Illinois in terms of a one-stop port.

A few weeks ago we wrote an editorial pointing out that many of the children who attended Antioch Grade School were not crossing Main and Depot streets at the crosswalk and warning the children that they should use the crosswalk for safety.

The entire fifth grade of Antioch Grade School replied to our editorial, individually. The letters, some 30 of them, pointed out that the children weren't safe in the crosswalks, highway, as few motorists respected them. Most of the writers wanted to have stop lights installed at Lake and

Getting your car to start all winter long is really a simple matter. A competent Fall tune-up is usually sufficient or a battery warmer in stubborn cases. It is much more important though that you know how to stop it.

Collisions due to the inability of motorists to brake their cars on icy roads accounts for the overwhelming majority of winter driving accidents.

One common mechanical fault that you should have looked after now, if you haven't already done so, is uneven brake pressure on the front wheels. Uneven pressure that can cause a braking car to swerve dangerously on dry roads becomes downright disastrous in winter.

One wheel gripping before the other can easily throw a car into a spin and out of control. Just as bad is one bald tire that fails to grip. A traffic study of 2134 skidding accidents showed half the cars had 40 percent more braking power on one side than the other; 30 per cent had one or more tires worn smooth.

Snow covered roads make slow speeds a moral obligation. The standard stopping distance on dry pavement at 60 mph is 188 ft. To equal this on hard-packed snow with good tires you can't drive faster than 28 mph. Thruway authorities recommend 528 feet (20 car lengths) between cars when you are following at 60 mph on snow packed roads. That's double the recommendations for summer.

If you have any doubts about your car's reliability, bring it in and let our service mechanics look it over.

# Hospital Plans Get Nod From State Bureau

Members of the Board of Directors of the Countryside Hospital Association, meeting Tuesday night at the Lake Villa School, heard two letters read from the State Division of Hospitals giving full approval of the State of the Hospital plans.

The letters followed a visit to Springfield on Dec. 2 by members of the Hospital Association and the architect, in which the plans for the hospital were presented to officials of the State Division. Edmund Vos, Antioch, chairman of the Building Committee; Winthrop Lyman, Fox Lake, and Joseph Brel, Fox Lake, both members of the Building Committee, and Louis Klumeyer, architect, took the plans to Springfield.

One letter, signed by George A. Lindsley, M.P.H., Chief, Bureau of Hospitals at Springfield, said, in part, "I wish to inform you that we have received and reviewed the schematic architectural drawing of the proposed hospital as presented by Mr. Klumeyer. We have reviewed these from the standpoint of the requirements of the Illinois Licensing Act. The first state submission of plans has been found to meet the requirements, and approval of this state, is, therefore, given at this time."

A letter from Dr. Franklin B. Yoder, Director of the division of Hospitals, confirmed the recommendation to him that the plans be approved, and conveyed the approval of the state of the building plans.

# SOS Turnout Up In Antioch

Twenty-six more people turned out for the second Sabin Oral Sunday on Dec. 8 in Antioch than received the vaccine at the first clinic on Oct. 13, according to figures released by an Abbott's Laboratories spokesman. This was contrary to the trend throughout the county, where most of the clinics handled fewer people than on Oct. 13. 4,793 people received the vaccine on Dec. 8, 4,707 doses were dispensed on Oct. 13 in Antioch.

Registration at the Lake Villa clinic dropped 111; Fox Lake, down 208; Gurnee, up 100; dispensing centers in Waukegan Schools were generally down throughout Waukegan, with the Glen Flora School the only exception.

For those who took the first dose of vaccine on Oct. 13 and missed the Dec. 8 clinic, or for those who wish to take the first dose, the Lake County Health Dept. has announced that the vaccine will be available at the following places through Friday, Dec. 13, at 2307 W. Grand Ave., Waukegan, and at 330 N. Milwaukee Ave., Libertyville, from 9 a.m. to 5 p.m.; on Saturday, Dec. 14, from 9 a.m. to noon at the Waukegan address only; at St. Therese Hospital, Monday through Friday in the outpatient department; at Victory Memorial Hospital, Friday, Dec. 13, from 2 to 4 p.m. in the cafeteria and at Condell Hospital, Dec. 13, 2 p.m. to 4 p.m. in the outpatient department.

The vaccine will still be only 50¢ a dose at these clinics. There is a time limit during which the second dose of the vaccine must be taken to be effective. Those receiving the first dose this week will take the second dose at the Feb. 2 clinic.

The location of clinics for the Feb. 2 clinics has not yet been determined.

The Lake Region Jaycees organized the facilities for administering the polio vaccine. They expressed their gratitude to pharmacists Tony Stanich and Mr. and Mrs. George Borovicka; physicians Dr. James Kopriwa, Dr. Edward Abderholden, Dr. Alan Thain, Dr. A. N. Berke and Dr. Fred Bobzien; supervising nurse Miss Martha Heindl; Finance volunteer Rick Keonig; the Antioch Woman's Club, the Boy Scouts, all people and organizations who aided on Sabin Oral Sunday, also for the use of Antioch High School and the help of the custodians.

Ronald Poulter was chairman of the Sabin Oral Sunday in Antioch, Dr. James Kopriwa was medical chairman.

## Trips, Shoots Self While Hunting

By Louise Gutowski

Twelve-year-old William Ganzer, Rt. 3, Channel Lake, is in Victory Memorial Hospital recovering from a gunshot wound in his right shoulder.

Billy was hunting with his brother, Nick, on the Smith property on Route 173, when he fell and his gun discharged. The accident happened Saturday morning, Dec. 7. Billy was taken to the hospital by the Antioch Rescue Squad. He is the son of Mrs. Grace Ganzer of Channel Lake.

## Your Congressman

(Continued on page 3)

partisan product and should remain so.

President Johnson will seek to further the broad aims of the late President Kennedy. This is as it should be. Some of these are the aims of all loyal Americans, i.e., for a strong, safe and prosperous nation. But others of these aims are set forth in the Democratic Platform of 1960. President Johnson is committed to these programs just as the late President Kennedy was. Yet, there should be no reason to question a Member of Congress' sense of honor, respect, or sympathy simply because he does not support all such Kennedy-Johnson programs.

President Johnson will do well to build support for a legislative program of his own to which the Johnson Administration subscribes. It would seem that such a program might fare better than did that of the late President Kennedy.

President Lyndon B. Johnson could not hope for more.

## Nuptial Mass For Antioch Bride

Mr. and Mrs. Philip E. Kettner

Lois Wohlfeil, daughter of Mr. and Mrs. Melvin J. Wohlfeil, Rt. 5, Box 398, Antioch, and Philip B. Kettner, 3037 21st Place, North Chicago, were united in marriage in a Nuptial Mass at noon on November 16 at St. Peter's Church in Antioch.

The bride was given away by her father. The Rev. Lawrence F. Hanley officiated at the double ring service.

The bride wore a gown of floor-length bridal mist tulle. The bodice was fashioned with an oval neckline and long tapered sleeves. Re-embroidered Alençon lace trimmed the princess-line front. The gown had a chapel train. The imported illusion bouffant fingertip veil was held by a double crown of aurora borealis crystals. The bride carried a cascade bouquet of white phalaenopsis, orchids and stephanotis.

Mrs. Judy Robis, sister of the bride, was matron of honor. Bridesmaids were Jeanne Konigseder, Marie Johnson and Elaine Stanton, sister of the bride. They wore street-length dresses of turquoise and gold satin, with oval neckline and elbow-length sleeves, controlled skirts, and a flower at the waist for accent. Blusher veils were held by matching headpieces. They carried cascade bouquets of fall-colored poms.

Cindy Lee Stanton, niece of the bride, served as flower-girl; Mickey Awe, cousin of the groom, served as ring-bearer.

The mother of the bride wore a cranberry lace sheath with jacket. The mother of the groom wore a suit of gold brocade. Both had white corsages.

Frank Konigseder, Jr., of Gurnee, served as best man. Tom Kerscher, Robert T. Johnson and Mike Awe, uncle of the groom, were ushers.

The Mass was sung by Mr. Ronald Peter.

A reception for about 200 guests was held at the American Legion Hall in Fox Lake. After a honeymoon trip to Wisconsin the couple are at home at 3116 21st Place, Rt. 2, Waukegan.

The bride is a graduate of St. Peter's School in Antioch and Antioch Community High School. The groom is a graduate of Waukegan Township High School.

## Grass Lake Xmas Social A Success

The Christmas Social of the Grass Lake PTA was well attended, netting that organization \$402 in profit. Features of the social were a white telephone booth, a bake sale, a home-made booth featuring such articles as Barbie clothes, aprons, and potholders, a Cake Walk, refreshments and children's games.

Mrs. Lorraine Cork, president of the PTA, wishes to thank all who worked and those who attended the social.

Installing marshal Martha Hunter. They were escorted by Wayne Polsgrove, Emil Larson, The Rainbow Girls also acted as escorts. Speeches by the Worthy Grand Patron and the Grand Warder were a feature of the evening.

The first meeting for the new officers will be held on December 12, with a Christmas party after the meeting. Friday and Saturday, Dec. 13 and 14, there will be a Christmas Bazaar and Christmas cookie sale at the Ford garage. It will include many home-made items for holiday shoppers.

# How About A Role?

Do you yearn to be a character?

Well, how about trying out for one of the four roles in "The Moon Is Blue," the next PM&L production slated for production?

Try-outs will be held at the PM&L Theater on Main St. in Antioch starting at 3 p.m., Dec. 22.

There are four roles in the play, a sophisticated comedy. One woman and three men. Two of the parts are excellent character roles, according to Garnet Odds, one of the officers of the PM&L.

**ST. PETER'S ALTAR & ROSARY SOCIETY**

The ladies of St. Peter's Altar and Rosary Society gathered on Dec. 2 for their annual Christmas party. After Rosary and Benediction, a short business meeting was held. Mrs. Anthony Scully head an original Christmas story.

Shortly thereafter, Santa arrived to help the ladies distribute grab bag prizes. Birthdays honored included the Mesdames Pat Harvey, Helen Nolan, Mrs. Lehner, Beatrice Forbrich, Elaine Apostol, Nina Bailey, Torry Hansen, Mynna Codin, and Mary Culen.

Coffee and cookies were enjoyed by the ladies in an atmosphere of Christmas merriment and festive decorations.

Mrs. Jeanne Needham, hostess for the evening, was assisted by the Mesdames Marie Mozal, Jean Benes, Beatrice Forbrich, Jean Daniel, Jean Frank, Jane Tiesling and Anne Borchardt.

# 1964 License Plates Are Now on Sale

Springfield, Ill., Nov. 26—Over-the-counter sale of 1964 motor vehicle license plates in Springfield and Chicago and mailing of plates both began Monday, December 2.

Secretary of State Charles F. Carpenter announced today. February 16 will again be the deadline for displaying current plates, marking the ninth consecutive year that date has been observed. Secretary Carpenter emphasized that that date is a deadline for having the plates displayed on the vehicles, not merely a deadline for submitting applications.

Motorists applying by mail should have their applications in his office by February 1 to be assured of having their plates in time for the deadline, Secretary Carpenter said.

**EVANGELICAL LADIES AID**

The Ladies Aid of the Faith Evangelical Lutheran Church will hold their regular meeting on Thursday, December 12, at 8 p.m. at the church. The members will hold a Christmas gift exchange.

**OAKLAND SCHOOL PTA**

The PTA meeting of the Antioch Oakland Grade school will start with a potluck supper at 6 p.m. on Monday, Dec. 16. The school is located at the intersection of Deep Lake Road and Loon Lake Road.

Between supper time and the start of the Christmas program at 8 p.m. cartoons will be shown or parents may visit the classrooms.

Joe stopped to chat with his old friend Henry while they were shopping one day. Joe was amazed to note from the labels of the boxes he was carrying that he had bought flowers, perfume and lingerie.

"What are you buying this folder for?" he demanded. "It's all right," Henry said, smiling. "Some men, when they get to middle age, start looking for greener pastures, but I—well, I thought I'd cultivate the one I have."

## smart-cuts for women

by Maggie Lovewell

It's easy to keep your Christmas Tree fresh. As soon as you get it home, cut 3" off trunk and place tree in bucket of water. Keep outside, away from sun and wind, or in unheated garage or basement. If you've leaned it against a wall, turn it daily so the branches don't get bent on only one side. When you set up the tree for trimming, use a non-tip stand with a water well. Keep container full so bottom of trunk is always covered. Any sagging or additional branches can be supported and secured with wire attached to trunk.

And say, here's an easy way to sparkle-up your tree and give it a gay, finished touch. Simply spray tree lightly with your hair spray or a quick-dry lacquer. Then sprinkle on gold or silver glitter.

**Worth-a-try-Dept.:** Those awful heat stains on your polished table can usually be removed with these 3 steps, using a separate cloth for each: apply kerosene, then gasoline, and finally rub in linseed oil until the spot disappears.

**Wrap-a-Pretty-Gift Hint:** You'll get neater packages by using the least paper necessary. Measure by cutting a piece equal to twice the width and height of box, plus 1" for overlap. For patterned paper, center design on top of box before measuring.

We had such fun, too, using all our old Christmas cards for gift decorations that I thought you'd like the idea! With some cards we just punched a hole and tied them to the packages as tags. With extra-pretty cards, we got fancy, by first pasting a doily on the package and then centering the card on the doily. We added a touch of ribbon and bow—the packages looked so delightful everyone hated to open them!

Speed up Holiday Cookie baking by cutting some in square shapes. You can "slice" them from the rolled dough

with a knife rapidly and leave no dough trimmings to be rolled again. Saves space on cookie sheets too. Decorating tip: Dip half of each cookie into frosting. Watch for Maggie every week.

Be a wise toy-picker-outer. First, choose according to age. Next, remember to appeal to children's imagination. Here's a short guide: Infants are "newcomers"—they like bright-colored, push-pull, noisy or cuddly toys (should be washable, non-breakable). 1½ years to 3 years are "doers"—get movable, build-it, ride-em-cowboy, bath toys. Three to five years are "learners"—get puzzles, trikes, build-it kits, grown-up-copy toys (doctor kits). Six to nine years are "learners"—get house-keeping dolls, skill games, sporting goods, electrical toys. Nine to 12 are "members of society"—get handicraft, make-up kits, older games, science and hobby toys, books.

Stop those squeaky upholstered dining room chairs! First, remove seat. Then staple several 1 inch layers of waxed paper around the under side of seat—where it meets the frame. Replace seat and voila—no squeaks!

It's time to go Christmas tree shopping! To be sure you get a nicely-shaped, fresh tree—buy early, and check these 4 vital points before making your purchase. Bounce trunk on ground; if needles fall, tree is dry. Rub fingers across stump; if fresh, you'll feel the sticky resin. Pull needles at end of branch to see whether they resist being plucked. Check overall shape and look for broken branches. Happy tree-trimming!

Yes, you can make sure your molded gelatin salads look picture-perfect. Just butter molds lightly before filling—makes gelatin easy to remove.

They'll think you're the cleverest gift-giver yet, if you wrap gifts with matching gifts. Look at some of these ideas: A baby gift wrapped in receiving blanket or fancy diaper. A pocket hankie drawn up as bow on a blouse gift. A table gift wrapped

## Perfect Pudding for a Party

This excellent steamed pudding is a perfect holiday dessert. Serve it hot with deliciously thick Foamy Sauce. Beat 3 egg yolks slightly and add ¾ cup confectioners' sugar, ½ teaspoon of salt, ½ teaspoon of vanilla, and if desired 1½ tablespoons of brandy. Beat until very thick and about the color of a lemon. Whip a cup of cream and fold into the egg mixture. Chill before serving.

### Holiday Chocolate Pudding

1 cup mixed candied fruits and peels	¼ teaspoon salt
½ cup water	½ cup butter or margarine
1½ tablespoons rum extract	¾ cup firmly packed brown sugar
1½ cups sifted flour	1 egg
2 teaspoons double-acting baking powder	¾ squares unsweetened chocolate, melted
½ teaspoon baking soda	1 cup milk

Combine mixed fruits, water, and rum extract in a saucepan. Bring to a boil over high heat; then reduce heat and simmer until all liquid is absorbed, stirring occasionally.

Sift together measured sifted flour, baking powder, soda, and salt. Cream butter; gradually add sugar, continue creaming until blended. Add egg and chocolate; beat until smooth. Alternately add flour mixture and milk, beating well after each addition. Stir in fruit mixture. Spoon evenly into a well greased 2-quart mold. Cover lightly with greased aluminum foil and place mold in a pan of hot water. Bake in a moderate oven (375°F.) about 1½ hours, or until a cake tester inserted in pudding will come out almost clean and pudding begins to pull away from the sides of the mold. Serve hot. Top with Foamy Sauce, if desired. Makes 12 servings.

in a table cloth—linen wrapped in fancy pillow case or towel. A tie on a shirt... a belt on a skirt... there's no end, and it's fun, too! (Watch for Maggie every week!)

# NEW CHEVELLE!

BY CHEVROLET

The kind of go-6 or V8—you'd expect from one of Chevy's great highway performers. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of fresh styling—inside and out—that makes it the year's smartest surprise. Come down and stare at it.

New Chevelle Malibu Sport Coupe

## Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses! And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps. And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

# Sequoits Down Blue Devils In Conference Opener

Antioch successfully opened their 1983-84 conference basketball season Saturday night with a 71 to 50 win over Warren's Blue Devils on the losers' court. The win marked the third victory of the season for the Sequoits against losses to McHenry and Salem.

The Antioch quint took an early 6 to 0 lead and were never headed after that. Leading 13 to 6 at the first quarter mark the Sequoits increased their margin to 30 to 22 by halftime.

Antioch poured in 17 points in the third period to break the game open as they held their opponents to 8 counters for the quarter. The Sequoits coasted to victory as Coach Andrews went with the reserves for most of the final stanza. Twelve Sequoits saw action as they outpointed the Blue Devils 24 to 20 in the last quarter.

Led by junior forward Bernie Smith the Sequoits hit 28 of 57 attempts from the field for close to 50 per cent. Bernie collected 19 points and led in the rebounding department with eleven. Vic Rogers also turned in one of his best performances thus far this season getting 8 points and 10 rebounds.

The Sequoits hit on 15 of 21 attempts from the charity line to 6 of 18 for Warren. A big factor in the Sequoit victory was the ability to dominate the boards. Antioch out-rebounded the Blue Devils 45 to 25.

Senior guard, John Lear turned in a good performance, playing well on defense and collecting 12 points before an injury forced him to the bench. Ed Matejka aided the Sequoit cause with 11 points. The Sequoits return home for action against Grant Friday night and Zion Saturday night. Grant is 3 and 0 for the season thus far and is fresh from a 66 to 53 victory over Round Lake in conference play. It's a must game for the Sequoits and will prove a real test of the Antioch quint's chances for conference laurels this season. Zion may have their troubles this year but still show promise and will round out a tough weekend for the Sequoits.

## Score by Quarters

Antioch 13-17-17-24-71  
Warren 6-16-8-20-50  
**FRESH-SOPH CAGERS WIN CLOSE ONE**

The Antioch Fresh-Soph team fought back from a 6-point deficit in the third period Saturday night and went on to eke out a 52 to 48 victory over Warren.

Mike Sterbenz led the way with 20 points on 6 field goals and 4 free throws. Sterbenz also helped in the rebounding department, grabbing 12. Pat Sheehan led the Sequoits with 14 rebounds. Following in the scoring column for the Sequoits were Tyrone Walls and Mike Kelly with 10 points each.

The Sequoits moved to a 12 to 8 first quarter lead only to lose it in the second period as the Warren preps poured in 13 points to take the lead at halftime 21 to 20. Warren edged the Sequoits in the third period 14 to 13 but the Sequoits broke it open in the final stanza, putting in 19 points to 13 for the Blue Devils.

The Sequoits made 10 of 45 attempts from the field for a respectable 42 per cent shooting average but didn't fare so well at the charity line. The Antioch quint cashed in only 14 out of 31 chances at the free throw line. Warren wasn't much better, getting only 10 of 25 in this department. Warren made 19 of 60 attempts at field goals.

The Sequoits dominated the boards, out-rebounding their foes 30 to 15.

## Whats

## Cookin'?

By Harry H. Stern

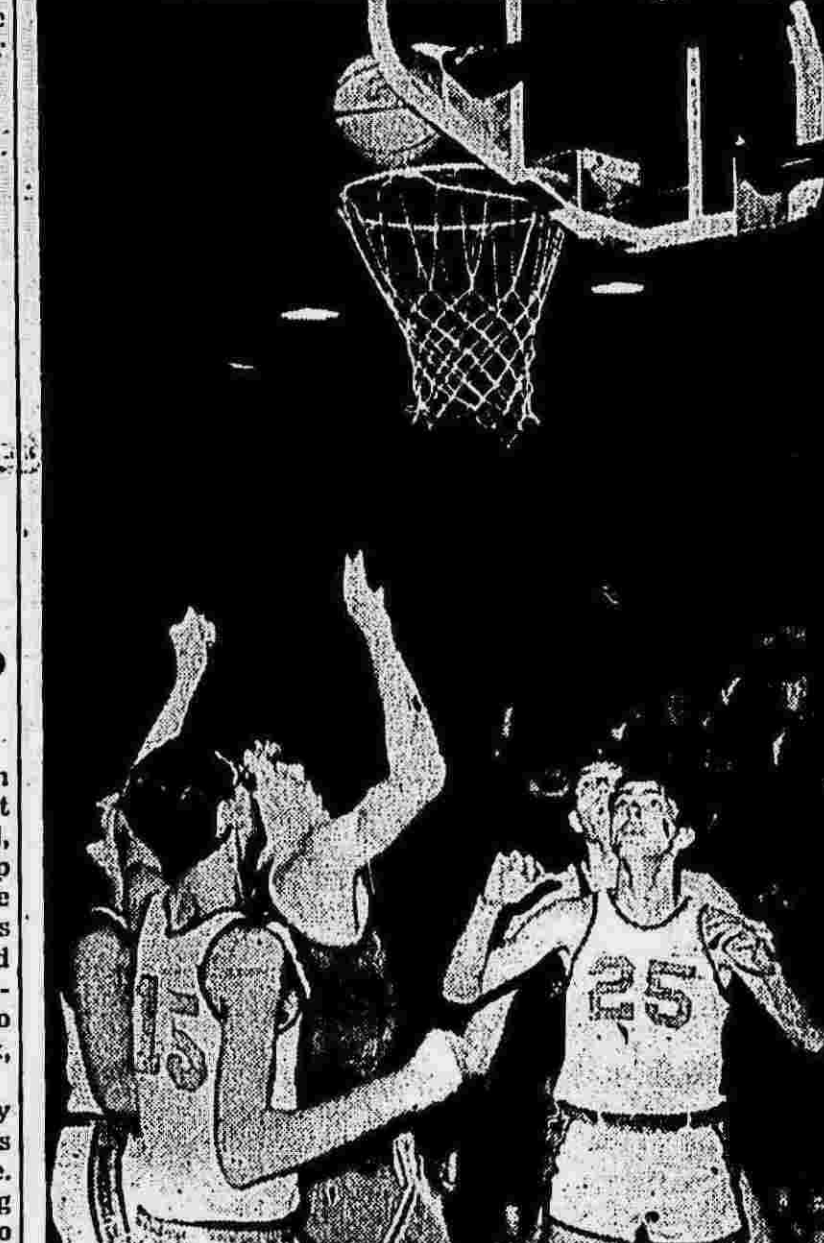

The new ice fishing season was formally opened last week on Rudy's Channel, Lake Marie, by a small group of exclusively intrepid ice fishermen. Exclusivity stems from the fact that it required a braveness of heart, and lightness of weight (and head) to venture out on the inch thick, rubbery ice.

The fish rewarded them by biting avidly, as they always do at the first cover of ice. Stud size bluegills and king size black crappies (calico bass) were taking weed worms, fished on small orange, red and pearl spoons.

Rudy Palinek was bragging about a big bluegill in his catch until examination disclosed he had a two pound smallmouth bass, along with three or four dozen big bluegills. Bob Cary, Chicago sportswriter, had a couple of dozen in his bag, and Harry

BERNIE SMITH puts it up for two points Friday night to aid the Sequoits cause as they defeated Warren 71 to 50 in their first conference outing of the season.

WARREN DEFENDERS move in to try for the rebound after Bernie Smith's attempt at a two pointer. Smith scored 19 points for the evening Friday night and led the Sequoits to their 3rd victory of the season.

Stern and Joe Moderatz, representing Indian Point, tallied some twenty-odd bluegills, crappies and warmouth bass. All the while their heavy-footed, chicken-hearted colleagues milled around on shore, drooling, but not daring to join them where the fish was. Even the Chicago fishermen were catching fish, so good was the action.

## Sequoits Break Losing Streak

Antioch Sequoit wrestlers managed a 22-22 tie Saturday evening in their match against Warren and broke a losing streak that has extended through their first three matches.

The Sequoits were aided by pins from Jim and Ray Sheppard. Point victories were earned by Dave Miller, Paul Lindblad and Lon Ipsen.

Antioch will go against Grant Saturday, December 14, at 2 p.m. at Grant. Grant has the potential of taking the

conference championship. Coach Jim Erdman said, "They have already won two conference matches, one of them over last year's champ, Wauconda. However, we feel we have a chance against them if we get 100 per cent effort from all of the team," he added.

The Sophomores won over Warren 28 to 23 with the help of pins from Dave Erdman (85) and Tom Wojnowiak (120) and Terry Robins (127). The Sophs' record is now 2 and 2 for the season. Results from the Warren match were:

4-2 Murphy (W) over Bill Carriek Pin  
Coons (W) over Tom Aorno 4-2  
Ray Sheppard (A) over Florio Pin  
Jim Sheppard (A) over Pin  
Dave Miller (A) over Bishel 4-0

Right now Antioch is tied for first place in basketball in the Northwest Suburban Conference. The Sequoits won their first conference game of the season last Friday night at Warren, Wauconda, Lake Forest, and Grant also have unblemished conference records.

This weekend Antioch will face Grant in wrestling and basketball. The basketball game will be here Friday night, and the wrestling match will be held at Grant Saturday afternoon. Also, Saturday night, the Sequoits will play the Zion-Benton Zee-Bees in a nonconference basketball game at Antioch.

Sunday evening, the Annual Christmas Choral Concert will begin at 8:00 in the auditorium. Miss Tronchuk and the choir have worked hard for many weeks to make this

Bjork, Wendy Eberman, Marilyn McConahay.  
The Channel Lake School won its basketball games last week with Johnsonburg. They will play Big Hollow Thursday, Dec. 12, in the school gym at 8:30 p.m.

Teenagers, don't forget the dance in the school gym, Friday, Dec. 13. All local teenagers are invited to attend. The dance will start at 7 p.m. and will be over at 10 p.m.

To hang around a clock in a depot awaiting a tardy date would be something I should not like to do.

## March of Dimes Fights Birth Defects

Every sixteenth child born  
in this country has a congeni-  
tal defect.

The National Foundation—  
the March of Dimes—with  
your help is attempting to do  
something about improving  
the ratio.

What is the March of Dimes  
doing in the field of Birth  
Defects?

There is now 44 March of  
Dimes Birth Defects Centers  
across the nation, with more  
being planned.

March of Dimes grantees  
are studying problems in  
heredity and genetics; in  
chromosome defects, how  
drugs, hormones, radiation,  
viruses and immunity factors  
may cause birth defects, and  
many other facets of the  
problem.

The March of Dimes is  
striving to educate the public  
that something can be done  
about birth defects. A national  
campaign for better prenatal  
care has been launched and  
doctors are kept advised of  
discoveries relative to birth  
defects and where assistance  
is available to those who need  
it.

250,000 babies are born  
each year in this country with  
defects, the dimes or dollars  
you give to the March of  
Dimes in their campaign for

## ✓ 1963 Box Score: FORD'S TOTAL PERFORMANCE TOUGHNESS DOMINATES THE COMPETITION WORLD!

Ford has chosen the most rugged testing program cars have ever faced . . . full-scale open competi-  
tion on the rally and racing circuits of the world. This is the dramatic way to show that Fords have  
changed . . . and the sure way to be certain they keep on changing. Changed? Just look at the record:

STOCK CAR RACING: 2-to-1 margin for Ford	SPORTS CAR ROAD RACING: Ford V-8 power is the new king	RALLY COMPETITION: Manufacturer's Championship	INDIANAPOLIS: Ford ends an era	PERFORMANCE & ECONOMY: New laurels for Ford
Ford is king of NASCAR competition and Ford Mo- tor Company has the NASCAR Achievement Award to prove it. In the '63 season, special Ford entries won every single race of 500 miles or longer, scored nearly twice as many points as any other make. 500-mile races are the ulti- mate test of inherent dura- bility and dependability. In two other major stock car racing associations, IMCA and MARC, Ford drivers have wrapped up the 1963 championships.	Here the Cobra with its special Fairlane engine emerged as the overwhelm- ing leader in one short year. Cobra won the coveted Manufacturer's Trophy in SCCA Class A Production competition by no wide a margin as other cars—U.S. or foreign—were even in sight. And in the two major tests this fall, the Laguna Seca and Riverside races, thenow King Cobra drove off the top "unlimited" cars from all over the world.	Products of Ford Motor Company and its world- wide affiliates won the 1963 Manufacturer's World Rally Championship. Ford's rally year began when two specially equipped Falcon V-8's started the automo- tive world in the brutal 2500-mile Monte Carlo Rally. Other special Fal- con V-8's triumphed in Holland's famed Tulip Rally, and ran away with the Manufacturer's Team Prize in the 4000-mile Trans-Canada Rally.	Advanced Ford engineer- ing smashed precedent in the classic Indianapolis "500." The first time out, a light alloy version of the Fairlane V-8 design in a Lotus chassis finished second. And the next time, in the Milwaukee "200" it ended the reign of the tra- ditional "Indy" racing car by leading every foot of the way from start to finish.	The Mobil Economy Run underscored Falcon's years- long reputation for thrift— a Falcon scored first in Class B (medium-engined compacts). And the Pure Oil Performance Trials brought laurels to the big Fords, which walked off with overall wins in Classes I and II for total perfor- mance (economy, accelera- tion and braking).

## ✓ 1964 Result: TOTAL PERFORMANCE INSPIRES THE TOUGHEST, SMARTEST CARS FORD EVER BUILT!

Fords have changed—and that's the real reason behind  
Ford's racing successes. We're now making the longest  
lasting, best handling cars in our history—because  
competition provides a kind and an intensity of testing  
that no proving ground can ever equal. What we learn  
from the specially equipped cars we race helps us  
make your car better.  
Racing inspires a level of engineering skill far above

ordinary commercial needs. The inherent qualities that  
make the victorious racing car—road-holding, braking,  
durability, precision control, resistance to vibration—  
also make a car safer, stronger and smoother for normal  
highway use. This isn't theory; all you have to do is  
take the wheel of any of our new Fords. Five minutes  
on the road will show you a total performance no one  
else has been able to achieve.

TRY TOTAL PERFORMANCE...IN THE  
ONLY CARS THAT HAVE CHANGED  
AS MUCH AS CHICAGO!
